Gremionan a uni pa solicita Gobierno mas informacion di reforma fiscal

Y pa no implement'e ainda

Ayera den oranan di atardi, 17 organisacion a uni pa asina duna un conferencia di prensa y informa comunidad tocante e reforma fiscal, unda nan a pidi gobierno pa extende su implementacion un tempo mas.

Fernando Dirksen di Aruba Food & Beverage Association (AFBA) a señala cu nan a manda un carta pa Gobierno di Aruba tocante e tema di reforma fiscal y e organisacionnan cu a manda e carta aki ta Aruba Financial Center Association, Aruba Food & Beverage Association, Aruba Hotel and Tourism Association, Aruba Timeshare Association, Aruba Jewelers Association, Comerciantenan Uni, Camara di Comercio di Aruba, Sindicato di Empleadonan Publico y Priva di Aruba (SEPPA), Sindicatonan di Maestro di Aruba (SIMAR), Sindicato di Polis di Aruba (SPA), San Nicolas Bussines Association, entre otro, cu a uni pa mustra nan preocupacion tocante implementacion di reforma fiscal y consecuencianan cu esaki por trece cune.

Dirksen a indica cu den e carta ta expresa cu awor cu Gobierno di Aruba a dicidi implementa un reforma fiscal incluyendo Value-added tax (VAT) y BTW system, cu lo a wordo introduci 1 di januari di 2023, e consecuencia di e implementacion di reforma fiscal aki por tin consecuencianan drastico administrativo riba comercio, empleadonan y tambe riba dunadonan di trabao.

Igualmente, el a declara cu te dia di ayera Gobierno di Aruba no a duna suficiente informacion y e oportunidad pa tur esnan den comercio y stakeholders haci un estudio di loke ta bay introduci. "Nos opinion ta pa haya sa mas di esaki pa wordo considera prome cu e wordo introduci", Dirksen a expresa.

E draft di e legislacion no ta oficial ainda. Esaki ta pone cu nan ta pensa cu no ta realistico pa introduci e cambio dia 1 di januari di 2023, unda cu mester di mas tempo pa stakeholders por prepara y sa kico pa haci pa ora esaki bin.

Ademas el a bisa cu stakeholders ta di opinion cu e reforma fiscal aki mester simplifica e impuesto. E sistema combina cu e aumento di impuesto y tambe e cortamento di gastonan di gobierno. Cu esaki nan ta declara pa no implementa ningun tipo di reforma fiscal ni tampoco pa hisa ningun tipo di impuesto te ora nan por haya suficiente tempo y informacion pa por analisa y duna un feedback den esaki.

E firmantenan di e carta ta bisa cu nan ta instalando un comision di tres experto, cu ken nan ta bay analisa e reforma fiscal cu ta na caminda y nan ta bay determina financiera- y economicamente y tambe e consecuencianan social cu por tin door di un reforma di e tipo aki.

Nan tambe ta bay presenta sugerencia y consehonan realistico di e reforma fiscal, segun Dirksen a expresa, pa wak kico ta Aruba su bienestar den un periodo largo of corto, unda cu tur e firmantenan a aproba y a firma esaki dia 15 di augustus ultimo.

Di loke ta trata e consecuencianan cu e implementacion di e reforma fiscal por trece, el a splica cu loke nan ta pidiendo den un periodo corto of largo ta mas tempo prome cu implementacion, pa asina haya mas informacion y nan por traha mas tempo riba dje. "Si e keda implementa dia 1 di januari 2023 no tin suficiente tempo pa comercio, esnan cu tin negoshi y dunadonan di trabao pa wak kico ta bay bin", el a sigura.

Di su parti, Monica Kock, presidente di Camara di Comercio di Aruba (KvK) a menciona cu esaki tabata un iniciativa di un luna pasa caba di AFBA, na unda nan a yama un grupo hunto cu a sigui crece te 17 organisacion cu a firma e declaracion aki. "Locual ta hopi bunita y special di e declaracion aki ta cu nos tin organisacionnan cu nos ta yama 'gremio', cu ta pa empleadonan y nos tin sindicatonan. Nos tin tur banda cu a sinta hunto concerni e reforma fiscal cu a wordo presenta te awor."

Recientemente, Gobierno di Aruba a dicidi di no implementa e BTW e dia 1 di januari, pero nan a informa tambe cu nan lo bin cu un sorto di medida pa por recauda e suma cu nan ta desea cu mester bin aden. "Esey kiermen cu algo ta bay bin" Kock a sigura. Tambe a señala cu a sugeri pa aumenta e impuesto BBO di 1 pa 1.5%, pero den e parti aki, Kock a expresa cu Gobierno a informa nan cu no a tuma un decision ainda.

"Nos tur akinan presente ta bisa cu prome cu bo ta bin cu un decision bo ta trece cune cu bo tin cu increase e tax pa comercio, pueblo y empleado, a nos como grupo hunto kier wak kico bo plan ta pasobra e plan a cambia atrobe di un dia pa otro dia y a nos ta haya cu e plan mester ta wordo bon defini y nos mester recibi'e unda a nos por analisa", Kock a bisa.

E comision cu nan ta bay instala ta hopi importante pa motibo cu Kock a sigura cu nan a dicidi conhuntamente pa apunta hende pa haci esaki, wak e proposicionnan cu gobierno ta papia di dje pa nan por informa gobierno riba e consecuencianan cu tin. Pero tambe ta importante pa e comision por bin talbes cu otro alternativa di e solucion cu tin menos impacto riba economia di Aruba y menos impacto riba e inflacion cu tin, esey ta nan intencion segun Kock a señala.

Francis Saladin di Comerciantenan Uni a indica cu na aña 2018 nan a bisa pa no hinca e BBO den e prijs, cu despues Gobierno a opta pa hacie cu tur su consecuencianan, y awe por mira cu mester haci cambio for di e tempo ey caba cu a papia di reforma fiscal, pa traha riba dje den su totalidad pa por implement'e corectamente y traha un structura cu ta bon pa comercio, Gobierno y pueblo.

"Atrobe Gobierno a pasa nos un fast ball unda nan ta papia cu prome, ora nan a bin cu idea di BTW, nan a papia di 6% pa cuminda pa alivia y yuda pueblo. Awor bo ta bira bay papia di 1.5% mas riba BBO, cu ta 17.5%. Esaki lo haci cu comercio lo subi cu 8.01% pa bo por cumpli cu e BBO debidamente, di 6% pa 16% ta na unda nos kier bay? Di un banda bo ta bisa bo tin e hende central y di otro banda bo ta tuma decisionnan abrupto y core yama nos di bo decision", Saladin a menciona.

Tambe el a enfatisa cu na ningun momento nan como gremio a bisa cu nan ta contra BTW, ni cu Gobierno mester reduci salario di empleadonan publico. Loke nan a bisa ta cu mester baha gasto di aparato gubernamental; tampoco nan kier pa peso di impuesto subi riba nan ni na pueblo mas, el a finalisa.

Dump: E volcan y e storia di desaroyo di Aruba

Sabotahe of djis realidad di falta di maneho?

E ta un sabotahe. Esey ta opinion di Minister Ursell Arends riba e candela grandi cu tabatin atrobe riba dump. Pero pa trahadonan di Serlimar, e grito di sabotahe ta otro ilustracion cu no tin atencion pa e problema real.

Bon Dia Aruba a bishita dump na Parkietenbos ayera y a combersa cu trahadonan cu ta haciendo nan esfuerso pa mantene e ritmo di trabao y consciente di nan responsabilidad pa crea menos molester pa comunidad. E motibo ta simpel. Pasobra "ta nos ta haya zundra di hendenan den bario ora tin candela." Y mas ainda, ta nan ta exponi na e huma toxico mescos cu esnan cu ta biba den cercania. "Nos no tin mascara, ningun otro tipo di proteccion. No ta na nos interes pa e dump ta na candela. No tin ningun protocol di proteccion pa salud pa e bario ni pa nos."

Como tal, e splicacion di Minister cu ta sabotahe ta crea e candela no ta zona logico pa e grupo di trahadonan cu ta mira cu dump a yega su capacidad maximo, mas cu 20 aña pasa. Mas cu cualkier otro, ta nan ta esnan cu ta mira e resultado di falta di maneho di decadanan cu a conduci na un monster cu no tin forma di domina.

Falta di educacion

Dump ta ilustra e problema grandi di Aruba. Falta di maneho, falta di vision, falta di consistencia, falta di mantencion y falta di educacion. "Comunidad no ta haya educacion riba su responsabilidad y mas ainda, comunidad no sa kico tur ta haci riba dump, a pesar di poco recurso." Durante e caminata, Bon Dia Aruba a tende di e iniciativa di e trahadonan pa colecta azeta di cushina, algo cu a bay bon, te cu a bende dos container di azeta. Tambe ta separa hero 'limpi' cu ta liber di resto di otro material di construccion y ta bende cu Daltra.

E otro hero cu no ta limpi ta bay pa Daltra tambe, aunke esaki ta por nada, ya cu e ta rekeri procesamento. Tambe tin un bari pa colecta bateria chikito, pero Serlimar no ta informa comunidad riba e posibilidad aki y no tin ningun campaña efectivo pa educa comunidad riba separacion di sushi.

Inversion perdi

Riba dje, Serlimar tin un sistema di separacion di sushi. Para keto desde cu Benny Sevinger tabata Minister encarga, e ekipo di Baoldin & Lawson tin tur locual un facilidad di desperdicio mester na e basico, cu ta un asina yama 'shredder y conveyers' y magnet pa saca e metal. Lamentablemente e inversion miyonario aki ta para pa su cuenta. "E ekipo t'ey, pero e ta manera un auto cu mester di su tairanan, y ahusta e stuur. Pues e ta rekeri inversion pa pon'e traha."

Taira

Pero placa ta locual Serlimar no tin. Y riba dje, Serlimar lo perde entrada entrante Dialuna awor. "Entrante Dialuna, nos no ta bay acepta ningun taira. Te cu awor, dump ta tuma como 50 ton, cu ta 50 mil kilo di taira pa luna. Awor, e prome fase di Trash-2Cash ta drenta na vigor y ta Ecotec y Carentra ta bay tuma e tairanan."

Serlimar tabata cobra 60 florin pa ton di taira y awor e companianan lo cobra 180 florin pa ton. E miedo cu tin ta cu hopi hende, particularmente otro siman, simplemente lo benta e tairanan pafo di dump, of ta benta nan den mondi. "Kico ta pasa ora hende ta bay cumpra taira nobo? E negoshi ta bay keda cu e taira bieu of ta manda e doño di e auto cu e taira kibra cas? Ken ta sigura cu e persona ta deshaci di e taira na bon forma y no ta resulta den mondi of acumula tras di cas despues?" En todo caso ta conseha Gobierno pa stop e importacion di taira di segunda mano. "Aruba a bira e dump pa taira usa."

Y ta e acumulacion aki ta un peliger pa medio ambiente, no solamente pa bista mahos, pero tambe pa candela. Pasobra esnan cu ta traha riba dump sa. Unabes bin acumulacion di taira of cualkier otro desperdicio, e peliger pa candela ta grandi.

Candela

Tin hende ta cende candela intencionalmente? "E por, pasobra e tereno di dump ta asina grandi. Tin bista unicamente riba e entrada principal y durante oranan di atardi y anochi, no tin trahado di Serlimar riba dump. Y mayoria candela berdad ta cuminza den oranan di atardi," a informa Bon Dia Aruba. "Pero hecho ta keda cu dump ta continuamente na candela. Bao di e seronan aki tin candelanan cu no ta paga. Nos sa cu asina trece sushi nobo, sea ta taira of otro, ta cuestion di algun dia pa nan pega na candela. No mester di ningun hende pa cende esaki."

Motibo ta henter e composicion biologico y kimico di e seronan di sushi combina cu solo, aire y stof di awa. Unabes tur e elementonan bini hunto, e candelanan ta cuminza. "Hopi biaha ora cu dia ta bira mas fresco cu e candela ta cuminza. Dificil pa splica, pero mescos ta pasa cu hende cu ta keda henter dia den solo y ta apenas atardi of anochi ora di baña ta sinti e kima."

Riba dje, e falta di ekipo ta contribui na e condicionnan ideal pa candela. "Nos no tin un compactor. Antes tabatin, pero nunca a reemplaz'e ora cu el a daña." Un compactor ta un ekipo pisa cu ta diseña pa landfills, unda ta placha tur sushi y elimina cualkier espacio pa evita cu gas por acumula. Serlimar no tin un compactor, tampoco un tractor. "DOW si tin." Locual tabatin ta un 'excavator' cu por trece e bida di e chauffeur na peliger si kier usa esaki pa e funcion aki. E ultimo biaha cu a usa e 'excavator' e mashin a bolter y pa por a sali, mester a yuda kibra e glas di e cabina pa e chauffeur por a sali. "Pero ta e 'excavator' aki a expone e volcan riba cual nos ta traha. Nos a yega di djis coba un tiki y topa cu material na candela."

Pa e trahadonan di dump, e speranza ta cu berdad Trash-2Cash lo por yuda Aruba. Pero cu un Serlimar cu no ta parti di e 'wastestreams' cu mester produci placa, en todo caso, ta parce cu despues di 2022, locual ta keda cune ta un volcan bibo, sin mucho perspectiva pa nan.

DAS ta informa tocante ayudo financiero adicional pa aña escolar 2022-2023

Durante un conferencia di prensa vocero di Departamento di Asunto Social (DAS), Jesseline Kelly a brinda informacion amplio tocante e ayudo financiero adicional cu Gobierno di Aruba ta dunando tur persona den bijstand pa aña escolar 2022-2023.

Kelly a splica cu manera ta custumber, tur aña Gobierno di Aruba ta duna un ayudo financiero extra pa tur persona cu ta ricibi bijstand, cu tin entre 3 y 24 aña di edad y cu ta bishita un scol regular durante dia. E ayudo financiero aki ta consisti di dos tipo; school uitkering (subsidio escolar) y ouderlijke bijdrage (contribucion di mayor).

E subsidio escolar ta destina pa yuda e famia cubri gastonan cu ta encera compra di articulonan di scol. Esaki ta consisti di un suma di 220 florin pa cada persona, pero tin un maximo di 800 florin pa cada famia. E ayudo aki ta wordo paga hunto cu e bijstand di luna di september, cual proximo pago lo ta dia 10 di september.

E contribucion di mayor ta destina pa yuda cubri e gastonan di e contribucion di mayor na cada scol. E suma di e ayudo di contribucion di mayor ta 120 florin pa cada mucha of pa cada persona cu ta bay scol den un famia y suma aki no tin un maximo mara na dje. E suma aki ta wordo paga directamente na e scol.

Kelly a remarca cu si e suma di e contribucion di mayor na e scol ta mas caro cu 120 florin pa e aña escolar, e mayor mes mester paga e diferencia di e suma. Den caso cu e contribucion ta menos cu 120 florin pa aña, e ora loke e suma di e contribucion ta, esey ta loke DAS ta paga na e scol.

Personanan cu ta bin na remarke pa e ayudo financiero extra aki ta tur persona cu tin entre 3 y 24 aña di edad cu ta cobra bijstand normal of cu ta cobra guns uitkering, cu ta e bijstand pa personanan cu limitacion y cu tabata riba payroll di bijstand den luna di augustus. E persona mester bay un scol regular durante dia, sea scol preparatorio, scol basico, scol secundario, middag MAVO of scol Dun'Un Man y e persona mester ta ricibiendo tambe e 250 florin di toelage mensualmente.

Entrante 19 di augustus e persona- of mayornan cu ta bin na remarke pa e ayudo financiero extra por acudi na e scol pa busca e formulario di declaracion di scol di Departamento di Asunto Social, mester yena esaki full y correctamente y entrega esaki segun e schedule di entrega cu e persona a ricibi ora cu el a cobra bijstand den luna di augustus.

Kelly a sigui splica cu DAS a reparti e entrega di e declaracion di scol segun e letter riba e carnet di bijstand pa asina esaki por bay organisa y structura cuminsando dialuna 22 di augustus te cu diabierna 26 di augustus. Riba e ultimo dia, esta diabierna 26 di augustus DAS ta duna un biaha mas e oportunidad den caso cu si pa un motibo of otro un persona no por a acudi ariba e dia stipula segun e letter di su carnet di bijstand, pa pasa Departamento di Asunto Social na San Nicolas, ex-Centro Medico y entrega esaki. Tur declaracion mester wordo entrega na San Nicolas.

Kelly a subraya cu den caso cu no cumpli cu e entrega di e documentonan necesario, e bijstand di e persona pa luna di september ta wordo reduci, pasobra tin personanan den e famia cu ta ricibi e 250 florin toelage cu no ta bay hay'e mas, pasobra e toelage ey ta solamente pa personanan cu ta bay scol. Den caso cu no entrega e comprobante cu un persona den famia ta bay scol, ta perde e toelage aki.

Tambe el a agrega den caso cu entrega e comprobante laat, despues di dia 26 di augustus, e bijstand ta wordo ahusta, pero sin forsa retroactivo. Esaki kiermen e persona ta perde e luna di september y ta perde e ayudo financiero aki cu solamente ta wordo duna dia 10 di september.

Kelly a subraya cu den caso cu tin hendenan riba 24 aña di edad cu ta cobra bijstand cu ta bay scol, e persona mester pidi e declaracion di scol na e scol cu e ta acudi. Por ehempel si un persona tin 27 aña y ta bay Universidad di Aruba, e ta haya dispensacion di DPL, pero mester entrega e declaracion di scol na DAS como prueba cu e ta bay scol pa e aña escolar 2022-2023

Contestando e pregunta pakico nan ta warda te ora despues cu scol cuminsa pa duna e ayudo financiero extra aki, Kelly a splica cu nan ta warda te ora cu scol cuminsa pasobra e ora ey nan tin e prueba cu e mucha en berdad ta inscribi na scol. El a comenta cu hopi biaha ta pasa cu e famia no ta avisa DAS cu e mucha a cambia di scol y nan mester haci esaki. Ademas nan mester tin un prueba cu e scol ta bisa cu pa aña escolar 2022-2023 tal mucha ta a inscribi na e scol.

Por ultimo, Kelly a enfatisa cu e peticion pa e ayudo financiero extra aki ta keda un responsabilidad di cada famia pa atende cune. "Nos departamento ta informa kico bo por haya si bo cumpli, pero un biaha mas e ta den man di cada famia pa cumpli cu e rekisitonan aki, cumpli cu e deadline. Nos ta pidi pa cumpli pa asina nos di seccion di bijstand por cumpli cu e famia", el a bisa.

Kelly a tuma e oportunidad pa informa comunidad cu DAS a tuma nota den e ultimo dianan aki den medionan di comunicacion cu tabatin diferente reclamo tocante cu no ta contesta telefon na oficina. El a splica cu actualmente nan departamento tin un problema tecnico y Setar hunto cu nan seccion di ICT ta trahando riba esaki. Pa otro siman e personanan cu ta cobra bijstand tin cu entrega e declaracionnan di scol y nan mester wordo hinca den e sistema.

Scoge pa aumenta BBO...

Tambe lo tin consecuencia...

E decision a cay pa tuma e opcion considera menos dañino na e momento aki; esey ta aumenta e BBO na lugar di introduci un BTW 'den pura' na januari 2022. Cu esaki a logra algun asunto cu ta mustra faborable (pa gobierno); e pregunta ta sin embargo si esaki ta resulta berdad. Por ehemplo, gobierno a logra haya na su banda e gremionan empresarial cu tabata tahantemente contra introduccion di e BTW aki algo mas di cuatro luna, sin cu necesariamente nan ta contra BTW mes. Tambe, convenientemente ta mustra Hulanda cu no ta cumpli cu e acuerdo cu tabatin den e Landspakket, cu mester bin un BTW cu un tarifa di 12,5%.

Manera den mas caso, aki tambe gobierno a hunga un wega inteligente, usando dos arma: e gremionan empresarial cu a keda confronta cu primeramente un tasa di 18%, despues e otro variante di 14% y 6% pa alimento. E protesta fuerte di e gremionan no tabata desagradable pa gobierno, al contrario. Ta net esey nan tabata mester pa bisa Hulanda cu nan no por 'rush' e proceso di yega na consenso na Aruba... Ademas di mes no tabata trahando cu diligencia riba e proyecto di ley, y varios luna pasa den e Editorial aki a conclui cu gobierno ta 'lastrando pia' conscientemente, pasobra no tin mucho gana di introduci e BTW.

En todo caso, awor Aruba ta keda confronta cu e hecho inevitable: ta asalta poder di compra popular a traves di aumento di BBO, loke por parce menos grave cu introduci e BTW, pero cu tambe tin un efecto, ademas cumulativo cu lo resona den henter economia. Si gobierno kier a argumenta cu introduci BTW den e actual crisis inflacionario importa no por, e aumento di BBO lo tin casi e mesun efecto, dependiendo di e tasa cu lo scoge. Nos no sa si e ta bay ta 1% o 1,5%. Segun e cifranan mas reciente, di promer mitar di 2022, BBO/BAVP a trece aden alrededor di Afl. 109 miyon, cu probabilidad cu ta termina aña na e nivel di e Afl 215 miyon di 2019. Cu un crecemento economico mas modera na 2023, en todo caso lo por conta cu por lo menos algo mas di Afl. 70 miyon o Afl. 100 miyon, dependiendo di e 1% of 1,5%.

Esey riba su mes no ta resolve e problemanan pa presupuesto 2023. Den e presupuesto multi-anual ta anticipa un deficit di 121 miyon florin, suponiendo introduccion di BTW. E aumento anticipa di impuesto indirecto ta Afl. 181 miyon, di cual segun CAft Afl 160 miyon lo ta procedente di introduccion di BTW, riba e suma cu BTW lo trece aden pa iguala loke BBO ta entrega actualmente. Esey no ta suficiente, no pa satisface e exigencia Hulandes pa percura pa un presupuesto balanza o mihor ainda un surplus na 2023, cu manera e propio Promer Ministro a declara, ta keto bay riba mesa.

Esaki ta trece nos tambe na e pregunta pakico a acorda esey anto cu Hulanda. E contesta lo ta cu na mesa a bay di acuerdo cu Hulanda pa no stroba e fluho di ayudo financiero, mientras cu a crea tempo pa organiza oposicion hustamente contra loke a acorda. Si un persona cu sano huicio puntra ta ki sorto di actitud esaki ta, nan contesta lo ta cu nan ta 'e victima cu a haya un pistola Hulandes' na nan cabez'. Sin embargo, esaki no por ta un comportamento aceptable pa ningun gobierno. Ademas e ta kita atencion di e debate fundamental cu mester a hiba hopi tempo pasa caba: kico ta e mihor sistema fiscal pa Aruba? Sin cu tabatin – atrobe – e debate fundamental aki, a acorda cu Hulanda pa introduci e BTW, riba su mes un bon decision, y despues a cay back den e actitud di 'sore loser' cu ta bay traha pa tranca implementacion di e acuerdo. Esaki sin embargo no ta un caso isola; esaki ta e actitud cu e islanan ta mustra, pasobra finalmente nan aparentemente no ta di acuerdo cu e paquete di reforma cu Hulanda kier introduci. Si ta pa nan, ta keda goberna manera semper, cu e BBO cumulativo, cu a surgi ademas di nan propio cuna... Esey ta trece cune tambe e trancamento den introduccion di e ley di COHO, unda dia pa dia ta bira mas cla cu e islanan no kier yega na un ley di reforma bao di 'consenso' (articulo 38 di Statuut). En realidad ta reta Hulanda pa cana e otro caminda, cu lo mester ta esun di intervencion pa garantiza bon gobernacion bao di articulo 43 inciso 2 di Statuut, a sabiendas cu Hulanda tin otro problema na nan cabez pa bay hinca hende y placa den un intervencion asina. Hulanda no ta sinta warda un oportunidad pa parti aanwijzing y hinca man den nos gobernacion. Cada vez cu nos politiconan ta grita "Nos mes por!", bo ta casi mira e politiconan Hulandes pensa: "Ja, was dat maar waar...!"

Di tur manera, con cu kier bira e asunto, 1% o 1,5% di BBO tampoco ta salba e asunto. Loke ta keda haci falta ta un reduccion berdadero di gasto publico. Pero ya, cumpli cu e votonan di e aparato publico ta mas importante cu tene cuenta cu e situacion di e parti menos afortuna di e comunidad aki. Aparentemente, gobierno a scoge e ruta cu por costa menos voto, pero cu e no tin consecuencia? Imposible.

Prome Minister Evelyn Wever-Croes:

No ta prudente introduci BTW entrante 1 di januari 2023

Diahuebs 18 di augustus atardi durante conferencia di prensa extraordinario, Prome Minister Evelyn Wever-Croes hunto cu Minister Ursell Arends a anuncia cu no lo continua cu e introducion di BTW per 1 di Januari 2023 manera ta ser proponi den e landspakket.

Prome Minister a splica cu Reforma fiscal ta parti di un di e acuerdonan haci cu Hulanda den cuadro di e landspakket. Un parti di e Reforma Fiscal ta e BTW. Den cuardo di esaki Departamento di Impuesto y como tambe Prome Minister, a reuni cu gremionan y a scucha preocupacion di gremio comercial, sindical y di comunidad en general riba e introduccion di un BTW. E preocupacion principal, Prome Minister a expresa, ta e efecto inflatorio di esaki pero tambe e preocupacion di comercio ora a indica cu lo no bay baha BBO pa despues bin cu e BTW. Tur esaki lo causa un efecto inflatorio aun mas halto.

"Nos a haci nos calculacion di e efecto inflatorio di e BTW y en bista di e guera di Ukraina y su efecto aki na Aruba, nos a yega na e conclusion cu no ta prudente pa introduci e BTW per 1 di Januari", Prome Minister a duna di conoce.

Despues di consulta cu Minister di Finansas y su ekipo, a tuma e decision cu no ta sigui cu e plan di e BTW di 6-14%. Sinembargo e necesidad financiero si ta keda y p'esey ta contemplando pa na luga di e BTW introduci un aumento di BBO cu 1-1.5%. A haci calculacion di e BTW y e aumento di BBO y e resultado ta mustra cu e BTW ta casi 4 biaha mas halto cu si bo hisa e BBO. Banda di esaki pa compensa e aumento di BBO, ta contemplando tambe pa baha e impuestonan riba salario pa pensionadonan pa asina nan por atende cu e gastonan cu ta aumenta. Tambe tin pensa di reduci e tarifa den winst belasting di companianan. "Pues mirando e efecto di e guera di Ukraina, nos ta haya cu no ta prudente pa awor bin cu e BTW".

Prome Minister a duna di conoce cu Gobierno cu e situacion na Aruba ta sigui dificil mescos cu henter mundo door di Covid, un pandemia devastador cu casi a kibra nos economia. Nos turismo berdad a cuminsa crece pero no a yega 100% ainda, nos economia no a yeg'e ainda tampoco. Nos ta casi di yega e turismo di prome cu pandemia.

Y riba esaki, nos ta sufriendo tambe e efectonan secundario di e guera na Ukraina. Prijs di crudo y di gasolin internacional a subi, tur producto cu nos ta importa a aumenta internacionalmente. Awa y coriente tambe a aumenta temporalmente y no ta na Aruba so sino henter mundo ta mirando e desaroyo aki. Hulanda ta pasando den e pio inflacion den e 50 añanan, Merca ta papiando di un recession. E guera di Ukraina tin un efecto grandi pa henter mundo.

Banda di esaki tambe, nos tin un debe hopi grandi tambe cu nos a sali di covid cu ne. E debe di Awg 900 miyon cu Aruba a presta di Hulanda. Gobierno ta buscando alternativanan pa e gastonan halto di awa y coriente. Gasolin a baha caba y pa awa y coriente lo mester bay den direccion di energia alternativa pa no depende di fuel.

Gobierno ta sigui baha gastonan di Gobierno drasticamente. Ta cortando den gastonan di goederen en diensten pa varios aña y Aruba ta e pais cu e gastonan aki mas abou den region. Asina mes Gobierno ta sigui baha nos gastonan y ta percura tambe pa cobra e impuesto cu mester cobra Gobierno ta hacienda lo posibel pa yega na e deficit cu mester y paga debenan di pais Aruba.

Gobierno lo sigui den dialogo cu gremionan y Hulanda pa determina y yega exactamente con ta bay bridge e gap cu nos ta den aworaki. Hunto lo sigui traha pa yega na un solucion hunto cu participacion di e gremionan y e profesionalnan cu ta e ekipo di Minister di Finansas.

Na final di e conferencia di prensa, Prome Minister Evelyn Wever-Croes a duna un mensahe general pa Aruba y oponentenan. "Nos a ripara cu nos oponentenan politico ta contra tur cos. Mi por imagina cu esey ta un estilo di hiba oposicion. Hasta nan ta contra cosnan cu ta bon y necesario pa nos pais. Pero loke mi no ta di acuerdo cu ne ta cu nunca nan ta bin cu un solucion. E unico solucion cu nan ta bin cu ne ta pa lanta pueblo y baha Gobierno. Mi ta pidi oponentenan pa aworaki, Aruba por conta riba tur hende.

Aruba tin mester di nos tur, di Parlamento, oponentenan, gremionan etc. Nos ta pasando den e dos crisisnan di mas pisa cu mundo a yega di pasa aden. Pues aworaki politica senciyo, politica barata no ta bay yuda Aruba bay dilanti. Bin cu bo solucionnan y hunto nos por bay traha na hiba nos pais padilanti".

Tocante 'mes', 'mesun' y 'mesunnan'

Den nos edicion di e siman aki di nos column tocante Papiamento, cu a proposito ta cumpli un aña otro siman, atencion pa e palabra 'mes', su origen y formanan deriva. E palabra 'mes' ta uno cu nos ta usa hopi biaha pa dia. Su origen ta parce nos di Portugues (mesmo) pero por ta relaciona cu Spaño (mismo) tambe. Den nos idioma nos a corta esaki en todo caso te na 'mes' pero despues a añadi algo pa indica practicamente 'mesun' cos. Nos ta conserva e forma cortico original ora nos ta referi por ehemplo na un persona: "E mes a bay regla e asunto". Pero ora nos ta papia di asunto o cos material, nos ta usa e forma elabora di 'mesun'. Aki ta importante detaya un poco mas.

Por ehemplo, ora nos ta referi na algo cu ta indica algo similar o identico, nos ta usa 'mesun', por ehemplo: "El a keda semper cu e mesun auto". Mester bisa cu esaki ta e forma di formula awendia, pasobra mitar siglo pasa tabata normal ainda pa bisa: "El a keda semper cu e mes auto". Realmente nos no tin un splicacion pa e adicion di e palabra 'un' na e 'mes'. Talvez nos mester busca e splicacion den e deseo di pone enfasis riba e palabra 'mes'. Den e caso aki nos ta supone cu esaki ta asina, pero no tin certeza. En todo caso, a surgi tambe e plural di e 'mesun', cual ta 'mesunnan'. Esaki ta aplica tanto na persona como na otro asunto en general. Ehemplo: "E polisnan cu a yega na su cas ta e mesunnan cu a deten'e siman pasa, den e mesun autonan."

Tambe ta parce nos importante elabora un poco riba e palabra 'mescos' y e variante 'mesun cos'. Nos ta usa esakinan en principio den situacion diferente. Por ehemplo, nos ta bisa: "El a keda mescos, e no ta curando," refiriendo na e estado (di salud) den cual un persona ta. No ta parce nos corecto pa bisa "El a keda mesun cos". E idiomanan cu a duna nos originalmente e palabra, conoce den un frase similar e forma di 'lo mismo', o na Porugues 'o mesmo'. Nos no conoce esey pasobra ey nos antepasadonan a dicidi di tuma otro rumbo y a introduci e palabra 'cos' pa por expresa esaki. Loke na e idiomanan ey ta 'lo mismo' o bisa den otro forma 'la misma cosa' (Portugues: 'o mesmo' o 'a mesma coisa'), na Papiamento a keda combina den 'mescos' y ' e mesun cos'. Asina nos tambe conoce e expresion "Esey no ta e mesun cos" mientras nos por bisa tambe "Esey no ta mesun cos'.

Den e caso particular aki nos por mira ehemplo di laga e articulo (lidwoord) 'e' for di e frase, sin cu e contenido ta cambia. Por cierto cu nos por observa cu hopi biaha ta usa e articulo 'e' sin cu ta necesario. Ehemplo: ora nos ta referi na un instancia, nos no ta usa e articulo. Nos ta bisa: "Gobierno a tuma un decision finalmente." Esaki ta ora ta trata di un gobierno unda den e contexto caba a indica di cual gobierno ta trata.

Pero, pa bolbe na e asunto di 'mescos', mester tene na cuenta cu 'mescos' no ta 'mesun cos' cu 'mesun cos'... Aki e cosnan ta complica un poco, pasobra den nos idioma nos ta haci uso di 'mescos' den un otro sentido tambe, esta cu nos ta referi na e situacion unda ta trata di algo di igualdad, o cu nos ta indica algo unda nos ta compara algo cu otro. Un ehemplo: "Mi kier pa trata mi mescos cu nan." Aki no lo ta corecto pa bisa "Mi kier pa trata mi mesun cos cu nan."

Te asina leu nos tema di siman. Nos ta keda aprecia reaccion y eventual pregunta riba nos pagina di Facebook di Bon Dia Aruba.

Brandweer y Ambulance

Ora nos mira e vehiculo nan specialisa y costoso cu ta wordo usa , ta presenta e pregunta si ta tur ora cu sali mester sali cu e vehiculo nan ey o/of por ta cu por a sali cu otro vehículo - suficiente ekipa - pa actua den casonan menos grave.

Ta pa tur candela y pa tur desgracia ta necesario sali cu vehiculo specialisa ?

Kico ta e puntonan cu ta trece dilanti?

Brandweer y ambulance ta registra e cantidad di biaha cu a sali cu vehiculo specilisa y cuanto biaha no tabata necesario sali cu vehiculo specialisa

E señalamiento vía central ta suficiente cla o mester mehora pa no sali por nada cu vehiculo specialisa

Tin alternativa pa e vehiculo nan specialisa (mas chikito/ otro vehiculo bon equipa)

Preguntanan cu ta presenta pa baha gasto y "spaar" e vehiculo specialisa di moda nan por wordo bon cuida pa wanta mas tempo.

Pa pensa ariba sin miedo!

Construccion riba Eagle Beach

Eagle Beach ta nombra den Tripadvisor den top 10 beachnan mas bunita na mundo y e dos fotonan ta hasta invitado special den sacamento di potret di casamento pa local y turistanan.

Den e potret adhunto boso por ripara loke no ta klop di ta ariba nos beach… Un hut di un negoshi acuatico. Mi pregunta ta ken ta responsabel pa duna permit di construi ariba e tereno valioso aki?

No por a pensa cu e lo daña e bunita bista cu nos y turistanan tin? Spera boso laga kite y hale mas cerca di e asfalt mesun distancia cu e restaurant ariba beach tin y tambe den mesun material y structura. Esaki no ta un critica pa e negoshi sino na e instancia di gobierno cu ta permiti traha e hut aki, asina cerca di beach.

Skittles ta motiva pa sigui observa rond nos isla.

Unda ta cumbini aplica diferente tarifa?

Aruba como pais chikito mester traha Ley y aplica Ley di un forma mas simpel cu menos "excepcion" cu ta posibel.

Pa e introduccion di BTW (e Ley nobo cu lo conta pa ful comercio) lo ta hopi mas miho y facil pa aplica un solo tarifa (10%) manera comercio ta pidi lugar di bin cu diferente tarifa pa diferente producto y haci e administracion mas difícil. Si Gobierno - pa cierto productonan - kier pa e cumprado paga menos , e miho luga pa cobra menos lo ta den "invoerrechten". Pa e cierto productonan ey , miho Gobierno baha o/of no cobra "invoerechten" mes pa compensa "e di mas" cu un cumprado lo mester bay paga riba "e cierto productonan ey " vía un tarifa unico (10%) di BTW. E ora ey ta na UN lugar so (Douane) lo aplica diferente tarifa y no den FUL comercio.

Pensa ariba sin miedo!

Apple su splicacion di e vulnerabilidad ta nifica cu un hacker por ricibi "acceso completo como administrador" di e dispositivo. Esaki lo permit e persona haci su mes pasa como e dono di e dispositivo y pone cualkier programacion den esaki na nan nomber, Rachel Tobac, CEO di SocialProof Security a splica.

Expertonan di seguridad a conseha usuarionan actualisa tur e dispositivonan afecta, cual ta e modelonan di iPhone 63s en adelante, varios model di iPad incluyendo 5th Generation y adelante, tur model di iPad Pro y iPad Air 2 ademas di computernan Mac cu tin e programacion MacOS Monterey. E fayo aki tambe ta afecta algun model di iPod.

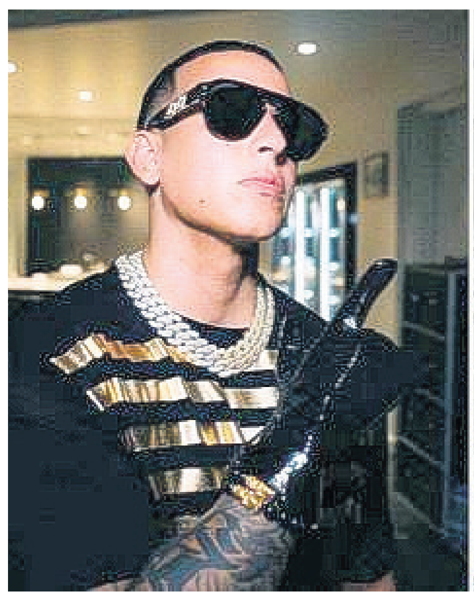

Apple no a bisa den e reportahenan con, unda ni tampoco door di ken e vulnerabilidadnan aki a ser descubri. Den tur caso, el a ser informa como un investigador anonimo.

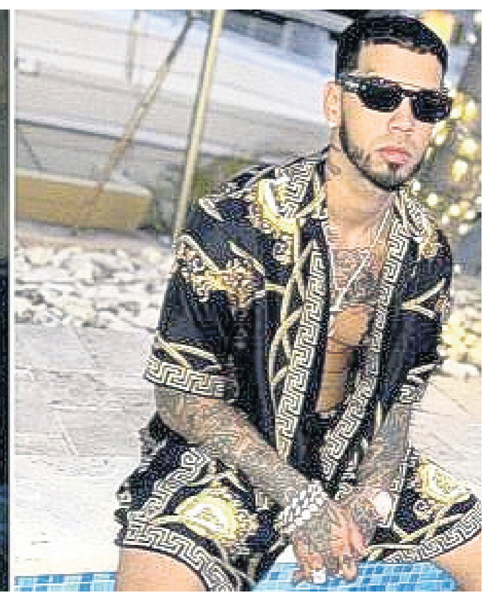

Companianan di espionage comercial manera Israel su NSO Group ta conoci pa identifica y probecha di e tipo di vulnerabilidadnan aki, explotando nan cu programacionnan cu ta infecta e victima su dispositivo pa asina vigila nan.

Daddy Yankee, Julio Iglesias, Anuel AA y Don Omar victima di estafa milionario na Youtube

E estafa a keda discubri tras di un investigacion di IRS y Billboard unda cu a descubri cu dos persona a horta un total di 23 miyondi doller di Youtube. Artistanan grandi manera Daddy Yankee, Julio Iglesias, Anuel AA y Don Omar ta algun di e victimanan di un estafa milionario di Youtube cu ta consisti ganashinan door di derecho di autor. E estafa a keda discurbi despues di un investigacion di servicio interno di impuestos di Estados Unidos (IRS) y e compaña Billboard cu a discubri cu Jose Chenel Medina Teran productor musical y webster "Yenddi" batistacantante di bachata lo a hortya un total di 23 miyon di doller riba e plataforma di video durante di 4 aña. E estafadornan cu ta stableci na Phoenix,Arizona a bira sospechoso pa IRS mirando e luho diripiente y di nan subida di ganashi a lanta asina lihe. Ta manera di anochi pa dia Medina Teran kende cu tambe tabata propietario di e estudio di grabacion Digitlog y Batista y tambe tabata director di videonan musical a pasa di biba un bida di clase medio y bay pa caro unda cu nan autonan cu nan tabata cumpra porehempel Lamorghihi y tabata uza cadenanan di diamante. Cu e reporte cu a ser publica di Billboard , Medina y Batista tabata horta na momento di e opcion di reclamo di 100% di fraccionnan di hits cu algun cancion tabata ricibi y cu no a keda reclama corectamente. Sinembargo pa por a horta e artistanan aki ta un persona cu tin acceso na e administracion di e contenido di e plataforma y e estafadornan tabata uza compaña fantasma bao di e nomber MediaMuv. Esaki ta pone cu e editor y e escritor di e cancionnan kisas hasta nan no sa si nan parti ta wordo cobra tambe. MediaMuv tabata reclama mayoria biaha e 100% pa e grabacionnan y di e manera aki nan a horta miyones di e artistanan riba nan derecho di autor. Esaki tabata un sorpresa pa e artistanan,y awor cu nan a discubri esaki danki na Billboard lo cuminsa un caso contra di e grupo aki.

Parlamentario Mike Eman

Banco Central ta mustra cu Aruba no por sigui den e direccion actual

Lider di partido AVP ayera mainta den un conferencia di prensa extra ordinario convoca, a mustra cu Banco Central di Aruba a publica un rapport cu AVP ta mira cu hopi preocupacion, ya cu ta un rapport cu por mira hopi di inkietud cu AVP a bin ta encontrando den pueblo, ta wordo refleha den cifranan concreto cu Banco Central a midi cerca consumidonan.

Parlamentario Mike Eman a mustra cu Aruba ta para na un crusada caminda decisionnan grandi tin cu wordo tuma pa futuro di e pais ya cu tur hende ta sinti cu e pais no por sigui den e direccion actual.

Un gobernacion manera cu e ta wordo hiba, tur dia a afectando mas y mas e confiansa di pueblo, afectando e poder di compra di conciudadanonan, creando hopi tristesa y ta lagando atras un cantidad di famianan, den un posicion sumamente fractura caminda por mira un depresion den e pais,

E rapport di Banco Central lamentablemente nos ta mira cu e gobierno cu mester comparti esaki cu nos comunidad no ta haci esaki mientrs cu e instituto cu a publica e rapport aki, ta Banco Central di Aruba.

No ta cualkier instituto pero ta un instituto di suma importancia pa pais Aruba, un instituto cu profesionalismo halto, cu obhetividad halto y cu tin man poni tur dia na pols di economia di financia di pais Aruba y logicamente ta midi e sentido di humor, e sentido di sentimento nan cu tin den comunidad y locual Banco Central a midi ta uno sumamente preocupante na e momentonan aki.

E prome parti di e rapport aki cu ta carga e tiulo di 'Consumer Confidence Survey Report' di e segundo kwartaal di 2022.E prome pagina ta mustra e grafieknan y aki laga mustra di biaha akinan cu not a grafieknan cu partido AVP of Mike Eman a traha ya cu cada un di e grafieknan aki, ta bin directamente for di e rapport di Banco Central.

Banco Central su consumer report pa 2022 ta bisa na prome luga, cu 75% di nos comunidad, na e momentonan aki ta sinti cu cada dia cu cosnan ta bay bira mas dificil pa economia y naturalmente tambe pa nan cartera.

No a un cifra chikito, no ta 20 of 30% pero 75% ta spera condicionnan mucho mas malo den proximo periodo segun Banco Central su rapport.Di dos cifra cu BCA ta alarma p'e, pasobra hopi bes por scucha gobierno bisa cu economia ta recuperando, cu turismo ta drechando y cu tin hopi cupo di trabou pero esunnan cu a wordo entrevistador di Banco Central, 55% tin expectativa pa nan haya un trabou nobo, ta birando mas dificil.

Pues contrario na locual gobierno ta bisa, sigur Prome Minister cu tur ora ta bisa cu 'nos tin hopi bon noticia, wel e bon noticia aki ta sumamente tristo.

E di tres cifra ta ainda mas preocupante pasobra e ta mustra con comunidad ya no ta carga speransa mas cu e gobierno cu tin cu maneha e situacion, no tin e situacion bou di control.

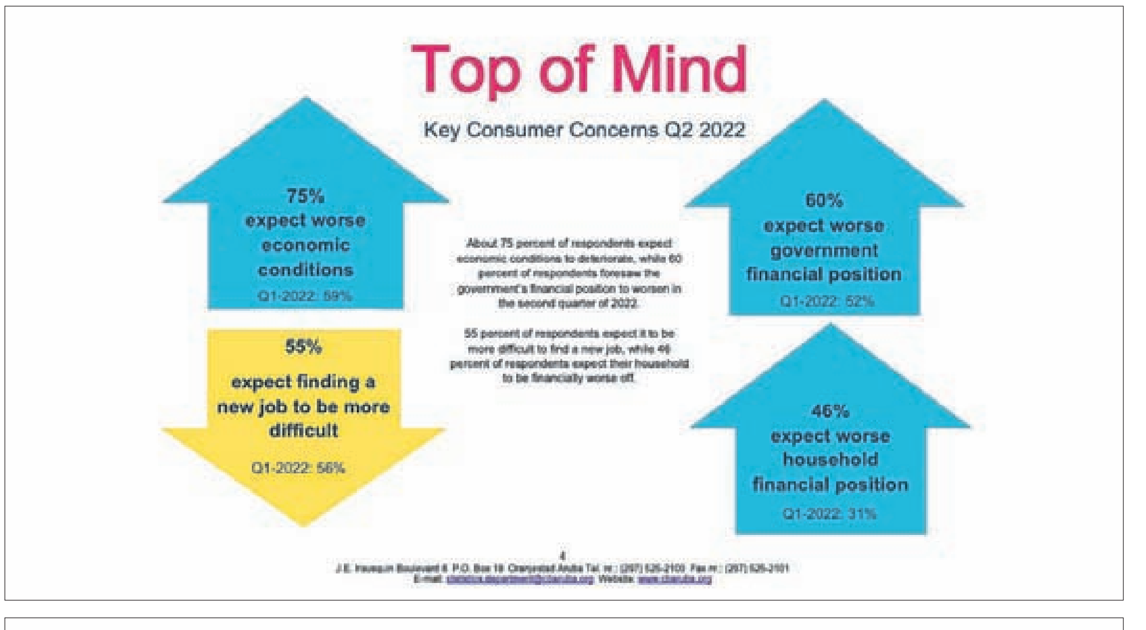

BCA ta mustra cu 60% a bisa cu e condicion financiero di gobierno, segun nan ta sinti, unicamente lo empeora den e periodo nos dilanti.

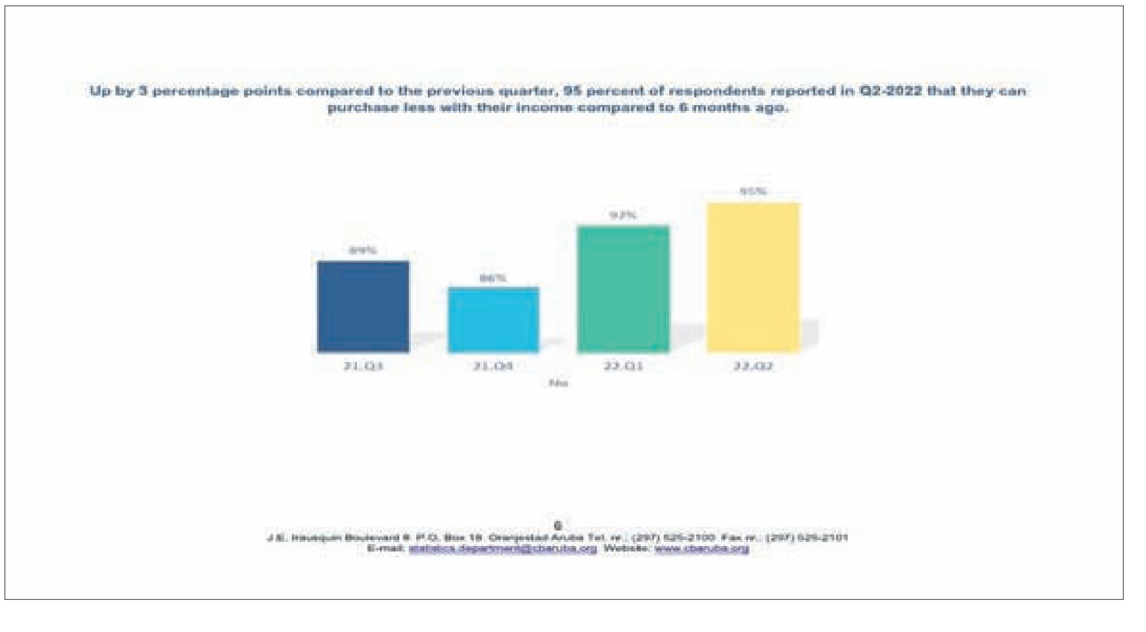

Un 46%, pues practicamente mita di Aruba, ta e inkietud cu nan financia na cas lo bay atras segun e cifranan den e rapport di BCA.Un pais caminda e comunidad practicamente ta den un depresion nacional, un depresion pasobra cu nan cartera ta mustra nan cu e placa no ta yega mas, un depresion pa motibo cu nan no ta mira cu tin un gobierno cu ta ofrece pueblo perspectiva.

Un gobierno sin ningun idea of iniciativa, ningun proyecto ta wordo haci pa crea un perspectiva economico cu e pais lo bay dilanti, cu lo tin mas trabou, cu lo tin mas oportunidad, al contrario, nos ta bibando momentonan caminda nos ta mira cu scolnan ta habri cu falta di maestronan si scol.

Scolnan ta habri cu falta di material, un cantidad di scol no por habri mes, werksternan kendenan a wordo priminti cu nan situacion lo wordo mehora, a corta den nan salario, nan a habri aña escolar cu salario corta. Maestronan di scol cu ta bandonando nos pais, dokter y specialistanan cu tambe ta bandonando nos pais y ciudadanonan cu ta bandonando nan pais segun ultimo cifranan cu nos a haya di CBS.

Ora cu nos combina e cifranan aki di Banco Central cu e realidad cu nos hendenan ta bibando na e momentonan aki, nos ta haya informacion cu Aruba no por sigui den e direccion aki," Parlamentario Mike Eman a mustra.

Parlamentario Arthur Dowers

Minister Wever Croes y Arends cambiando un tire plata pa otro plat

Mester tuna credito na e dos lidernan di gabinete Wever Croes, esta Evelyn Wever Croes y Ursell Arends, lidernan di e partidonan cu ta formadno e actual gobierno di coalicion, ya cu ayera den un conferencia di prensa a bolbe confirma sin berguensa algun, nan curashi pa sigui gaña pueblo riba nan maneho.

Parlamentario Arthur Dowers a mustra cu ta impresionante cu un Prome Minister di e pais y un Minister di Integridad, ta bin dilanti pa informa pueblo di un decision cu nan a tuma, relaciona cu nan propio decision tuma den pasado.

"Nos a custuma cu Prome Minister Evelyn ya no tin gevoel mas ora cu e tin cu gaña pueblo, ya cu ta for di 2017 el a bin ta priminti pueblo tur cos pero a duna pueblo ningun cos y e ta sigui insisti pa haci esaki.

E gran noticia cu e dos mandatarionan a bin informa pueblo di dje, ta cu nan gobierno lo no introduci e medida di BTW dia prome di Januari 2023 mas cual por cierto ta un vision di mesun prome minister aki di Aruba, ya cu a gobierno di Evelyn a presenta e idea aki na CAft y Hulanda.

Diahuebs merdia el a para firme pa mustra pueblo cu e no ta kere cu na e momentonan aki, por presiona pueblo mas ainda pa duna un placa cu pueblo no tin, hungando e rol di salbado pero ta tres siman pasa su gobierno a dicidi di bay di acuerdo cu WEB pa aumenta tarifa di awa y coriente contra mesun pueblo aki.

Ta increibel pa scucha e dos mandatarionan aki, trata di hunga e rol di heroe pero na mes momento ta trata di convence pueblo cu na luga di e BTW, gabinete WEver Croes II, lo introduci un aumento di BBO di 1%b te cu 1.5% cu lo nifica cu pueblo lo tin cu paga mas impuesto tog y cu e aumento aki lo tin cu consecuencianan.

Den un forma bergonsoso Prome Minister a dicidi di trata di hustifica gobierno su decision, dor di entre otro bisa cu e amento di BBO, lo produci mesun 100 miyon cu e BTW lo a produci si e wordo introduci na 2023 y ta lanta e pregunta e ora ta di con ta kita un medida y ta pone otro medida cu lo ranca mesun cantidad di placa for di pueblo y for di comercio.

Esaki ta un gobierno cu ta kita un tire plat patras y kita un yen dilanti y pone e plat dilanti, ya cu di tur dos forma, pueblo tin cu paga mas placa, pueblo ta wordo castiga pero e tipo di ideanan briyando y bobo aki, ta solamente un gobierno asina malo por haci esaki.

No tin sentido cu ta dicidi di no introduci BTW pero ta bay over na aumenta BBO caminda gobierno por haya ainda mas placa su tuma na consideracion tur e schakelnan cu tin den e ley aki pa wordo cubri.

Ta tristo pa mira un Minister di Integridad, para banda di un Prome Minister cu Ursell sa masha bon cu e no ta sincero cu pueblo, scucha y acepta e tipo di abuso nan aki contra pueblo," Parlamentario Arthur Dowers a declara.

Minister Endy Croes:

Kico Stichting Hunto ta encera?

Cambionan den decreto di macutu basico entrante prome di september proximo

Dia prome di september proximo, e decreto di Macutu Basico 2022 ta drenta na vigor. Esaki ta encera, cu e areglo di Macutu Basico anterior ta keda cancela. Den e areglo di Macutu Basico 2022, Minister di Desaroyo Economico, sr. Ruisandro Cijntje, a propone pa entre otro amplia e lista di productonan cu ta keda regula pa Gobierno pero alabes haci adaptacion na e porcentahe maximo di ganashi cu e bendedo por tin riba diferente di e (tipo di) productonan aki. Pues, den e Macutu Basico nobo tin mas tanto producto cu esun anterior y e porcentahe di ganashi pa algun di e productonan existente a keda adapta.

Tene cuenta cu, pa mayoria producto den Macutu Basico, Gobierno ta regula solamente e porcentahe maximo di ganashi tanto por mayor y detal cu e bendedo por tin riba e producto y no e prijs final. Ta trata aki di entre otro productonan manera, papel higienico, aros, lechi y algun fruta y berdura. E unico dos productonan cu ta forma parti di Macutu Basico pero nan prijs maximo ta wordo stipula via un decreto separa, ta kipashi di awa y webo di galiña di "legbatterij".
Motibo pa adaptacion di e Macutu Basico existente ta e echo cu, dor di factornan manera e Pandemia di COVID-19, Corsou ta enfrenta na e momentonan aki un crisis financiero y social economico sumamente pisa. Hopi ciudadano a perde trabou durante e periodo aki, cu consecuencia cu casnan tin menos entrada, forsa di compra a baha y ciudadanonan tin mas debe.

Gobierno ta premira cu, tanto riba termino cortico como riba termino medio, nos pais lo sigui experencia subida di prijs di diferente producto por lo pronto ya como nos ta hopi dependiente di importacion. E subidanan di prijs aki no solamente ta debi na e efectonan di COVID, pero tambe e guera actual entre Rusia y Ukrania, subida internacional di prijsnan di crudo y estorbo den cadena di suministro tin influencia directo riba prijs di productonan na Corsou.
Gobierno tin e responsabilidad pa mitiga e efectonan aki mas tanto posibel y soru pa productonan di prome necesidad keda accesibel pa e consumido y mantene esaki na un prijs husto y pagabel, pues a opta pa haci adaptacionnan na e Macutu Basico.
Periodicamente e efectonan (secundario) di e decreto di Macutu Basico 2022 ta bay keda evalua dor di Ministerio di Desaroyo Economico (MEO) hunto cu Ministerio di Desaroyo Social, Labor y Bienestar (SOAW) y Ministerio di Salubridad, Medio ambiente y Naturalesa (GMN). Si acaso resulta, for di e investigacionnan periodico aki, cu e areglo no tin e efecto desea, MEO, SOAW y GMN conhuntamente lo mester pensa un reemplaso pa e decreto di Macutu Basico 2022.
Pronto MEO ta bay introduci un aplicacion di publicacion di prijs, pa yuda e ciudadano tin miho control riba su compras. Na momento cu e aplicacion aki keda lansa, tur persona por download esaki y haya acceso facil y mobil na prijs y informacion di e diferente productonan aki den nos supermercado y minimarketnan local.

Comentario di Minister tocante nitrogeno ta causa problema den Gabinete

(NLTimes) - E Minister encarga cu e Gabinete su politica di emision di nitrogeno, Christianne van der Wal, no tabata contento cu e declaracionnan cu su colega Minister Wopke Hoekstra a bisa den un entrevista na AD tocante e politica.

E entrevista a causa controversia den e arena politico na Den Haag riba diabierna.

Hoekstra a bisa cu e no ta considera e gobierno su meta di disminui den mita e emisionnan pa ana 2030 como algo sagrado. Su remarcanan tabata particularmente sorprendente pa motibo cu e Gabinete tin cu papia cu un solo voz. E Constitucion ta dicta cu Conseho di Minister mester promove unidad di politica.

Na mesun tempo, Hoekstra ta Minister y Prome Minister diputado, ademas di e lider di partido CDA. El a enfatisa cu e comentarionan a ser haci como lider di su partido.

"Claramente esaki ta afecta bo como persona si bo ta asina comprometi na un problema, y despues bo ta lesa un entrevista asina," Van der Wal a bisa despues di e prome Conseho di Minister. El a yama e tempo cu e entrevista aki a tuma luga "desafortuna" pa motibo cu Johan Remkes te ainda ta trahando riba un manera pa soluciona e problema entre varios partido di parti di Gabinete. "E no ta sinta bon."

Van der Wal a bisa cu el a dialoga e problema cu Hoekstra, ken a informa su persona tocante e entrevista di adelanta. "Nos a establece cu e acuerdo di e coalicion ta den luga," e Minister a bisa di e combersacion. "Tur cos ta bon awo.

Fundacion y asociacionnan prohibi di habri cuenta na ING temporalmente

(NLTimes) - Asociacionnan y fundacionnan, incluyendo esunnan cu ta haci obra di caridad, no lo por habri cuenta bancario na ING te cu por lo menos fin di e aña aki.

Banco actualmente no tin suficiente empleado pa conduci un revision cauteloso tocante e clientenan aki y nan "formularionan legal compleho." Banconan mester ehecuta e check pa cumpli cu labamento di placa y reglanan di prevencion.

Un vocero a aplica cu e banco ta regla varios detaye ora cu un organisacion kier bira un di banco su clientenan, manera un club di futbol por ehempel. "Cua ta e proposito di e cuenta bancario? Ken ta e beneficiarionan real?" el a splica cu e respuesta na e preguntanan aki no semper ta inmediatamente cla cu algun organisacion dependiendo di nan formulario legal.

Asociacionnan y fundacionnan cu ya caba ta cliente di ING por continua nan uso di e banco, sinembargo nan mester paga mas. ING kier pasa gran parti di e costo di chekeo pa labamento di placa riba nan, di mesun manera cu a ser dicidi pa otronan manera gruponan religioso. Actualmente, te ainda e banco ta cobra 3 euro pa luna, sinembargo cuminsando for di september e costo lo ta 7.50 euro.

Hulanda tin mester di 10,000 casnan nobo accesibel pa hobennan pa aña

(NLTimes) - Hulanda tin mester di un minimo di 10,000 casnan nobo cu un prijs di benta di 260,000 euro segun asociacion di doñonan di cas Hulandes VEH den un apelacion na e Minister di Vivienda Publico Hugo de Jonge.

E asociacion a haci yamado na e minister pa motibo cu e ta kere cu hendenan hoben mester tin oportunidadnan nobo pa por drenta den e mercado di vivienda. Pa motibo aki VEH a cuminsa cu un peticion pa trece atencion na e posicion di e personanan cumprando un vivienda pa prome biaha. E asociacion tambe ta organisando un campana pa nan durante e festival Lowlands e fin di siman aki.

De Jonge kier construi 900,000 vivienda pa huur y ocupa pa e doño den e siguiente 8 ana, di cual 2 tercer parti mester ta accesibel pa personanan cumprando pa prome biaha. Diferente na VEH, e Minister ta kere cu e linea cu ta defini accesibilidad mester ta na 355,000 euro. VEH a bisa cu casnan nobo construi na e prijs aki no ta accesibel na e grupo en cuestion.

"Pa cumpli cu esaki, nan mester tin un entrada anual cu ta dobel di e averahe di 76,000 euro. Pa causa di esaki, bira doño di un cas ta keda bira mas y mas imposible pa hobennan."

Suit alleging off-camera jail beatings revived

(AP) — A federal appeals court cleared the way Friday for a lawsuit to proceed against guards and officials at a privately run north Louisiana jail where an inmate died with a fractured skull in 2015.

The lawsuit by family members of Erie Moore includes allegations that guards at Monroe's Richwood Correctional Center sometimes beat and pepper-sprayed handcuffed prisoners, including Moore, in an area where there were no security cameras.

A federal judge had thrown out much of the lawsuit, which seeks damages, but a three-judge panel of the 5th U.S. Circuit Court of Appeals in New Orleans revived much of the case in a ruling last month. On Friday the appeals court issued an order denying a rehearing by the full court, sending the case back to U.S. District Judge Terry Doughty.

"The record in this case is beyond troubling," 5th Circuit Judge Don Willett wrote in the July opinion, saying a jury trial is needed to sort out the facts.

Among the troubling aspects Willett's July opinion cited was testimony that guards routinely took inmates to an area of the lockup called the "Four-Way" where they could not be caught on video as they pepper-sprayed and beat inmates.

"Even an Assistant Warden at the prison admitted that both he and guards used the Four-Way to 'interrogate' prisoners. And two prison guards have testified under oath that they used the Four-Way to interrogate and abuse multiple handcuffed detainees," Willett wrote in the July opinion that was cemented by Friday's action.

Among the opinion's holdings were that Moore's family was entitled to pursue claims that excessive force caused Moore's death, that the private businesses contracted to run the lockup — Richwood Correctional Center LLC and LaSalle Management LLC — are not immune from the lawsuit, and that the family can pursue punitive damages against the corporations and the guards.

The record shows that Moore had been arrested at a Monroe doughnut shop on a disturbing the peace charge when he was brought to the jail. He was described as "agitated and non-compliant" when a nurse tried to examine him. Although he could have been placed in a cell alone, Willett wrote, he was placed in a cell with another "combative" inmate, Vernon White. And the two were never separated, despite fighting, until White was found having a seizure and with blood around his mouth. White died later at a hospital.

Moore died hours later after being forcibly removed from the cell. The court record says there is video showing that he was struck on the head once by a guard and that he was slammed to the floor once and dropped once as guards were carrying him.

US Treasury official to visit India amid Ukraine tensions

(AP) — A top Treasury Department official is set next week to make his first official trip to India since the start of Russia's invasion of Ukraine.

Amid tensions over India's neutral stance on the invasion that began in late February, the U.S. wants the meetings to focus on how to deepen ties with the South Asian nation.

Treasury Deputy Secretary Wally Adeyemo will travel to Mumbai and New Delhi for meetings that include Prime Minister Narendra Modi's office, the finance ministry, the Reserve Bank of India, and the Ministry of Petroleum and Natural Gas.

And as India is set to lead the Group of 20 intergovernmental forum in 2023, Treasury says Adeyemo will "discuss key shared priorities such as bolstering energy security, addressing food insecurity globally, and combat-

ting illicit financial flows."

India hasn't shunned Russia despite its membership in the regional Quad alliance with the U.S., Australia and Japan, Instead, it has maintained its business ties with Russia, depending on the Kremlin for energy and other exports.

The nation has boosted its purchase of Russian oil, buying roughly 60 million barrels in 2022 so far, compared with only 12 million barrels in all of 2021, according to commodity data firm Kpler.

The U.S. and Europe, however, are moving away from Russian energy — with Treasury officials promoting a price cap on Russian oil.

A Treasury statement says Adeyemo will meet with financial services and energy sectors executives in Mumbai and will speak about strengthening economic ties between the U.S. and India. He will also underscore "our two countries' deep economic, security, and cultural ties" and discuss ways to build "more resilient supply chains" through the Indo-Pacific Economic Framework that India joined as a founding member in May.

India is the world's second-most populous country and largest democracy based on a population of 1.4 billion.

Buttigieg warns airlines to help travelers or face new rules

(AP) – Transportation Secretary Pete Buttigieg has warned airlines that his department could draft new rules around passenger rights if the carriers don't give more help to travelers trapped by flight cancellations and delays.

Buttigieg is asking airline CEOs to, at a minimum, provide lodging for passengers stranded overnight at an airport and give out meal vouchers for delays of three hours or longer when the disruption is caused by something in the airline's control.

The Transportation Department on Friday released a copy of the letters, which it said were sent to CEOs of 10 U.S. airlines including the major ones, their regional affiliates, and budget carriers.

A spokeswoman for Airlines for America, a trade group whose members include American, United, Delta and Southwest, said airlines "strive to provide the highest level of customer service." She said the airlines are committed to overcoming challenges including a tight labor market.

Buttigieg's agency recently proposed rules around refunds for passengers whose flights are canceled or rescheduled. He told the CEOs the department is considering additional rules "that would further expand the rights of airline passengers who experience disruptions."

Buttigieg has been sparring with the airlines since late spring over high numbers of canceled and delayed flights. In his latest salvo, he told airline CEOs he appreciates that airlines have stepped up hiring and trimmed schedules to better match the number of flights they can handle.
"Still, the level of disruption Americans have experienced this summer is unacceptable," he wrote.

The head of another airline trade group took issue with Buttigieg's praise of schedule cuts. Faye Malarkey Black, president of the Regional Airline Association, said those cutbacks are being driven by a pilot shortage and are especially harmful to people who use smaller airports.

"There is a lot of responsibility to go around in this crisis and solving (the pilot shortage) means solving it for the long term, not just trimming back capacity until the only people with air service are those traveling between the large urban centers," Black said.

So far this year, airlines have canceled about 146,000 flights, or 2.6%, and nearly 1.3 million flights have been delayed, according to tracking service FlightAware. The rate of cancellations is up about one-third from the same period in 2019, before the pandemic, and the rate of delays is up nearly one-fourth.

Federal officials have blamed many of the disruptions on understaffing at airlines, which encouraged employees to quit after the pandemic started. The airlines have countered by blaming staffing problems at the Federal Aviation Administration, which hires air traffic controllers.

US protections for Idaho salmon, steelhead are here to stay

(AP) — A five-year review by U.S. officials has determined that Endangered Species Act protections for ocean-going salmon and steelhead that reproduce in the Snake River and its Idaho tributaries must stay in effect.

The National Oceanic and Atmospheric Administration's fisheries division review made public Thursday found that steelhead, spring and summer chinook, sockeye and fall chinook that return to Idaho in rivers from the Pacific Ocean still need their federal protections.

The protections include limits on fishing, restrictions on how much water can be used for irrigation, pollution controls for industries and dam operations on the Columbia and Snake rivers.

The review said that threats from climate change increase the urgency of completing recommended fish recovery actions — including improving fish passage at hydropower dams, restoring their habitats, controlling predators and changing hatchery practices.

Of the four species that return to Idaho, sockeye salmon are considered the most imperiled and were classified as endangered in 1991. The fish reproduces in high mountain lakes in central Idaho and they teetered on extinction for much of the 1990s.

An elaborate hatchery program operated by the Idaho Department of Fish and game that tracks the genetic history of individual fish is aimed at restoring the species.

But the population of the sockeye salmon has not improved much since it was listed as endangered, the review said. The species remains "at high risk of extinction" amid challenges from climate change, a lack of food in oceans blamed on water warming and because of sea lion predation.

Snake River spring and summer chinook, classified as threatened in 1992, include fish populations in part of the Snake River and in Washington state in the Tucannon, Grande Ronde and Imnaha rivers. The fish are also deemed threatened in parts of Idaho's Salmon River.

Historically, the fish spawned in Idaho areas that they can no longer reach, including above the Hells Canyon Dam and parts of the Clearwater River basin, the federal review said.
"Overall, the information analyzed for this 5-year review indicates an increased level of concern in the risk status" for the fish, researchers wrote.

The researchers cited declining population trends and that no fish populations are reaching a minimum threshold set by the Interior Columbia Technical Recovery Team. The team works to interpret information related to fish recovery.

Fall chinook were classified as threatened in 1992 and include fish in the mainstem Snake River below Hells Canyon Dam, the Salmon River and Clearwater River basins and in the Tucannon, Grande Ronde and Imnaha rivers in Washington state.

Those fish could be recovered by reintroducing them above above the Hells Canyon Dam complex. But Idaho officials have fought that option, fearing protections for fish above the dams could limit riverside farming and ranching operations.

The review found that the fish extinction risk has decreased for Snake River fall chinook, but "the implementation of sound management actions to address hydropower, habitat, hatcheries, harvest and predation remain essential to recovery."

Steelhead, a favored sport fish classified as threatened in 1997, include fish in the Snake, Salmon and Clearwater rivers and in the Tucannon, Grande Ronde and Imnaha rivers in Washington state. The review noted that there are no longer any steelhead that once spawned in tributaries above Hells Canyon Dam.

California sets new low unemployment record in July

(AP) — California's unemployment rate fell to 3.9% in July, the lowest point since 1976 as employers in the nation's most populous state continued to defy expectations by adding 84,800 new jobs.

Record-high inflation coupled with a cool-down in the housing market have prompted warnings of an economic slowdown as consumers react to high prices for goods from groceries to gasoline.

But new numbers released Friday by California's Employment Development Department show its labor market has so far been immune from those issues, as the state has had month-over-month job growth in 17 out of the last 18 months.

Nationwide, unemployment rates dropped in 14 states in July, rose in three states and stayed the same in 33 states, according to the U.S. Bureau of Labor Statistics. California now has a slightly lower unemployment rate than Texas, but is higher than Florida and Alabama — all Republican-led states whose leaders California Democratic Gov. Gavin Newsom has feuded with in recent months.

Ten of California's 11 industry sectors had job growth in July, led by big gains in computer systems design, advertising, security services and health care. While California makes up 11.7% of the nation's civilian labor force, the state accounted for 16.1% of all new jobs in the U.S. last month.

That job gain is despite job postings declining in the state and sales of single-family homes — a major driver of California's economy — slowing 14.4% in July compared to June and down 31.1% from a year ago, according to the California Association of Realtors. California's housing market reflects an overall slowdown in home sales nationally, which declined in July for the sixth straight month.

It's certainly surprising, former EDD Director Michael Bernick said of California's job gains. It goes against all the other economic indicators.

California lost more than 2.7 million jobs in just two months at the start of the pandemic in 2020, when Newsom issued the nation's first statewide stay-at-home order that forced many businesses to close.

It has taken more than two years for California to get most of those jobs back. July's job growth means the state has recovered 97.3% of those pandemic job losses.

The biggest reason for the decline in the unemployment rate is large number of new jobs added in July. But another factor is 23,400 people stopped looking for work in July, reducing the state's labor force. Some industries are continuing to see a labor shortage, mostly in restaurants and hotels, according to Sung Won Sohn, an economics professor at Loyola Marymount University.

I think the labor force will go up in the future because people need to earn extra income to beat inflation, he said. We are already seeing so-called gig employment rising because some people are holding two or three jobs. The fear of an oncoming recession, if we are not in one already, will cause people to look for work.

Bernick, now an attorney with the Duane Morris law firm who closely tracks California's labor market, said he suspects the state is still being propped up by billions of dollars from federal stimulus spending and the state's budget surplus. The recently passed Inflation Reduction Act in Congress will send more money to the state, lowering some prescription drug costs while helping millions pay their monthly health insurance premiums. That is not going to continue forever, he said.

California's budget includes $9.5 billion in refunds to about 23 million people, something Newsom touted Friday when boasting about the state's low unemployment rate.
We have historic reserves and we're putting money back in peoples' pockets as we continue to lead the nation's economic recovery, Newsom said in a news release.

Officials: 3 killed after planes collided in California

(AP) — Three people and a dog were killed after two small planes collided in Northern California while trying to land at a rural airport, authorities said Friday.

The names of those killed after their planes crashed Thursday at the Watsonville Municipal Airport will be released once their families have been notified, the Santa Cruz County Sheriff's Office said in a statement.

There were two people and a dog aboard a twin-engine Cessna 340 and only the pilot aboard a single-engine Cessna 152 during the crash, NTSB air safety investigator Fabian Salazar said.

The Federal Aviation Administration and the National Transportation Safety Board were investigating, the sheriff's office said.

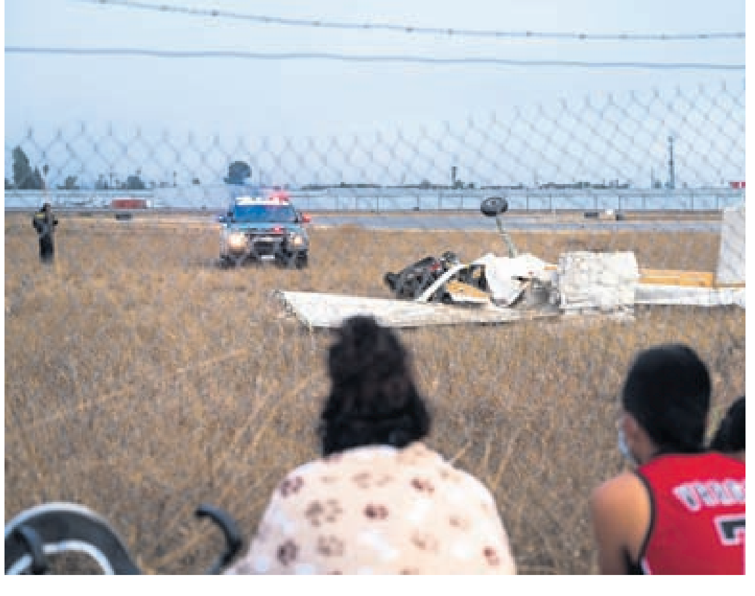

"We have what appears to be one aircraft operating in a traffic pattern and one aircraft coming into the airport to land," Salazar said.

Salazar said investigators were still collecting evidence and will talk to witnesses. A preliminary report on the fatal collision from the NTSB is expected in two weeks, he said.
The city-owned airport does not have a control tower to direct aircraft landing and taking off.

Salazar said pilots that use airports with no control towers have a common traffic advisory frequency they use to communicate.

"We are working to get the radio communications that were occurring on that day," he said.
The airport accounts for about 40% of all general aviation activities in the Monterey Bay area, according to the City of Watsonville's website.

Watsonville, an agricultural town near Monterey Bay, is about 100 miles (160 kilometers) south of San Francisco.

Malaysia's Mahathir says US seeking to provoke war in Taiwan

(AP) — Former Malaysian Prime Minister Mahathir Mohamad on Friday accused the U.S. of trying to provoke a war in Taiwan, and in a wide-ranging interview also said he expects Malaysia's graft-tainted ruling party to hold general elections in the coming months.

Mahathir, a two-time prime minister long known as a critic of the West and its geopolitics, warned that the U.S. was antagonizing China through recent visits to Taiwan by House Speaker Nancy Pelosi and others. China considers the self-ruled island democracy part of its territory and regards such visits as meddling in its affairs.

"China has allowed Taiwan to remain by itself. No problem. They didn't invade. If they wanted to invade, they could have invaded. They didn't. But America is provoking (them) so that there can be a war, so that the Chinese will make the mistake of trying to occupy Taiwan," the 97-year-old Mahathir said.

"Then there is an excuse ... for the U.S. to help Taiwan, even fight against China and sell a lot of arms to Taiwan," he added.

Following Pelosi's visit, China launched large-scale military drills surrounding the island and fired ballistic missiles into the sea. Beijing also warned Washington not to encourage Taiwan to try to make its de facto independence permanent, a step China says would lead to war.

There was no immediate U.S. response to Mahathir's comments.

In Malaysia, Mahathir said the ruling United Malays National Organization is likely preparing for snap polls that it will most likely "win big." He believes that a number of Malay voters have returned to UMNO because they were offered money and other incentives.

"I think they will want to have the general elections this year. If possible, maybe as soon as two or three months from now, because they feel that at this moment the public still looks up at them, and the opposition is broken up, disorganized," he told the AP.

Elections are not due until September 2023, but some UMNO members, including ex-Prime Minister Najib Razak and party president Ahmad Zahid Hamidi, who are both fighting graft charges, have been rallying for an earlier vote.

Mahathir was an UMNO prime minister for 22 years until his retirement in 2003. He was inspired to return to politics by the massive looting of the 1MDB state fund during Najib's term in office, and rode a wave of public anger to lead the opposition to a historic victory in 2018 polls that ousted Najib's government.

Mahathir became the world's oldest head of government at 93, but his reformist alliance collapsed in less than two years due to defections. UMNO returned to power and now leads a new coalition government.

Mahathir has formed a new party, Pejuang, and a Malay alliance to contest 120 Malay-dominated parliamentary seats. He said his mission remained the same: to "clean-up" the country and form a graft-free government.

"I don't know about being prime minister candidate, but if I am strong enough, if I am healthy enough, if they want me to contest, I will contest," Mahathir said.

"I will fight, even if it is a losing battle," he said. "I will fight because I believe in principle. It's not what happens to me. I believe in principle. I believe that this is a great country which can become a developed country, but under the crooks you will never become."

Najib has maintained his innocence. With his final appeal against a 12-year prison sentence in the first of several trials ongoing in the country's top court, he would not be allowed to run in the event of an early election.

Mahathir said he believes Najib hopes to make a political comeback with an UMNO win.
"In the elections, if UMNO wins, he expects an UMNO government to ask for a pardon for him — and when he gets a pardon, (and is) cleared completely, he can then become prime minister," Mahathir said. "He will do it. Believe me, he will do it."

On the international front, Mahathir described President Joe Biden as an "ineffective" leader.
"In a way, he's very anti-Islam, he's not being fair. He allows Israel to commit all kinds of crime, genocide, and he does nothing. He supports them," said Mahathir, who has been accused of anti-Semitism for attacking Jews, whom he blames for a humanitarian crisis in Palestinian territories.

He also railed against the European Union over the Russian war on Ukraine.
"What NATO is doing, the EU is doing is to provoke some more and asking the Ukrainians to fight," Mahathir said. "They promised to accept Ukraine (into NATO) but they didn't."

Australia upset at Indonesia reducing Bali bomber's sentence

(AP) — Australia's leader said Friday that it's upsetting Indonesia has further reduced the prison sentence of the bombmaker in the Bali attack that killed 202 people — which could free him within days if he's granted parole.

The most recent reduction of Umar Patek's sentence takes his total reductions to almost two years and means he could be released ahead of the 20th anniversary of the bombings in October.
"This will cause further distress to Australians who were the families of victims of the Bali bombings," Prime Minister Anthony Albanese told Channel 9. "We lost 88 Australian lives in those bombings."

Albanese said he would continue making "diplomatic representations" to Indonesia about Patek's sentence and a range of other issues, including Australians currently jailed in Indonesia. Albanese described Patek as "abhorrent."

"His actions were the actions of a terrorist," Albanese told Channel 9. "They did have such dreadful results for Australian families that are ongoing, the trauma which is there."
Indonesia often grants sentence reductions to prisoners on major holidays such as the nation's Independence Day, which was Wednesday.

Patek received a 5-month reduction for good behavior and could walk free this month from Porong Prison in East Java province if he gets parole, said Zaeroji, who heads the provincial office for the Ministry of Law and Human Rights.

Zaeroji, who goes by a single name, said Patek had the same rights as other inmates and had fulfilled legal requirements to receive sentence reductions. "While in the prison, he behaved very well and he regrets his radical past which has harmed society and the country and he has also vowed to be a good citizen," Zaeroji said.

Patek was arrested in Pakistan in 2011 and tried in Indonesia, where he was convicted in 2012. He was originally sentenced to 20 years' imprisonment.

With his time served plus sentence reductions, he became eligible for parole on Aug. 14. The decision from the Ministry of Law and Human Rights is still pending, Zaeroji said. If refused parole, he could remain jailed until 2029.

Patek was one of several men implicated in the attack, which was widely blamed on Jemaah Islamiyah, a Southeast Asian militant group with ties to al-Qaida. Most of those killed in the bombing on the resort island were foreign tourists.

Another convicted conspirator, Ali Imron, was sentenced to life. Earlier this year, a third militant, Aris Sumarsono, whose real name is Arif Sunarso but is better known as Zulkarnaen, was sentenced to 15 years following his capture in 2020 after 18 years on the run.

Jan Laczynski, a survivor of the bombings, told Channel 9 that many Australians will be "devastated" by Patek's potential release. "This guy should not be going out unsupervised, unmonitored," he said.

France's Macron assails Putin's 'brutal attack' on Ukraine

(AP) — Hours after talking with Vladimir Putin, French President Emmanuel Macron on Friday accused the Russian leader of launching a "brutal attack" on Ukraine in an imperialist, revanchist violation of international law.

Macron, who tried tirelessly but unsuccessfully to prevent the invasion and long vaunted the importance of dialogue with Putin, has grown increasingly critical of the Russian president as the war bears on.

He warned French citizens that the resulting energy and economic crisis confronting Europe isn't over, calling it "the price of our freedom and our values."

"Since Vladimir Putin launched his brutal attack on Ukraine, war has returned to European soil, a few hours away from us," Macron said in a speech commemorating the 78th anniversary of the Allied landing in Nazi-occupied southern France during World War II.

Macron said Putin is seeking to impose his "imperialist will" on Europe, conjuring "phantoms of the spirit of revenge" in a "flagrant violation of the integrity of states."

Earlier Friday, Macron spoke more than an hour with Putin to urge Russia to accept Ukraine's conditions to allow U.N. nuclear inspectors to visit Europe's largest nuclear plant. There are growing international concerns about security at the Zaporizhzhia plant, which is occupied by Russian forces and at the heart of the war.

The leaders also discussed efforts to get grain and other food commodities out of Russia. EU sanctions aimed at ending the war make exceptions for food.
It was their 20th conversation this year but their first in three months.

Germany's Scholz questioned over handling of tax scam

(AP) — German leader Olaf Scholz has denied intervening on behalf of a private bank embroiled in a tax evasion scam when he was mayor of the northern city of Hamburg, allegations that have dogged him since before he took office as chancellor last year.

Testifying Friday before a parliamentary hearing of Hamburg's state assembly, Scholz insisted that the meetings he held in 2016 and 2017 with a representative of the private bank M.M. Warburg were above board. At the time the bank had been ordered to repay millions of euros (dollars) in tax refunds it had wrongly claimed for share trades.

Soon after the meetings, Hamburg officials dropped demands for Warburg to repay 47 million euros.
"There was no political intervention whatsoever," Scholz told state lawmakers during the hearing, which lasted more than three hours.

Scholz, who became Germany's federal finance minister in 2018, had previously stated that he didn't remember details of the meetings, drawing criticism and incredulity from political opponents.

Friedrich Merz of the center-right Christian Democrats told the business daily Handelsblatt on Friday that when a big bank faces a large tax demand from the city and wants to meet with the mayor "then you don't forget what was said during the conversation."

Dozens of bankers are being investigated in connection with cum-ex share transactions that are said to have cost the German government billions of euros.

Russia's Gazprom to shut gas pipeline to Europe for 3 days

(AP) — A key Russian natural gas pipeline will shut down for three days of maintenance at the end of this month, the state-owned energy company Gazprom announced Friday, raising economic pressure on Germany and other European countries that depend on the fuel to power industry, generate electricity and heat homes.

The latest shutdown will come a month after Gazprom restored natural gas supply through the pipeline to only a fifth of its capacity after a previous shutoff for maintenance.

Russia has blamed the reductions through the pipeline on technical problems but Germany has called the shutoffs a political move by the Kremlin to sow uncertainty and push up prices amid the conflict in Ukraine.

In a statement posted online, Gazprom said the planned shutdown from Aug. 31 to Sept. 2 is for "routine maintenance" at a key compressor station along the Nord Stream 1 pipeline, which links western Russia and Germany.

Natural gas prices have surged as Russia has reduced or cut off natural gas flows to a dozen European Union countries, fueling inflation and raising the risk that Europe could plunge into recession.

Germany's Economy Ministry said in an email to The Associated Press that it had taken note of Gazprom's planned downtime for Nord Stream 1.

"We are monitoring the situation in close cooperation with the Federal Network Agency" that regulates gas markets, the ministry said. "Gas flows through Nord Stream 1 are currently unchanged at 20%."

The newly announced maintenance shutoff raises additional fears that Russia could completely cut off the gas to try to gain political leverage over Europe as it tries to boost its storage levels for winter.

Germany recently announced that its gas storage facilities had reached 75% capacity, two weeks before the target date of Sept. 1. Germans have been urged to cut gas use now so the country will have enough for the winter ahead.

Gazprom said once the work is completed, the flow of gas through Nord Stream 1 will resume at its prior level of 33 million cubic meters, or just 20% of the pipeline's capacity.

The routine maintenance will be carried out jointly with Siemens specialists, Gazprom said, in a reference to its German partner, Siemens Energy.

Man United reaches deal to sign Casemiro from Real Madrid

(AP) — Manchester United reached a deal Friday to sign midfielder Casemiro from Real Madrid, the two clubs said, ending the Brazilian's successful stint in Spain.

The clubs did not provide financial details, but Spanish media said the deal for the 30-year-old Brazilian was worth more than 60 million euros ($60.2 million).

Madrid thanked Casemiro and called him a club legend. He had been with Madrid since 2013 and helped it win 18 titles, including five Champions League and three Spanish leagues.
The club said Casemiro will be honored at an event at the team's training center on Monday.

United, which has lost its opening two games of the Premier League season, has been in the market for a central midfielder since the transfer window opened.

Madrid coach Carlo Ancelotti had said earlier Friday that Casemiro was in negotiations for a move and a deal was imminent.
He said he spoke with Casemiro and felt "there was no way back,"
"He wants to try a new challenge, a new opportunity," Ancelotti said in a news conference. "The club understands. With all he's done for this club and the person he is, we have to respect it. There are talks right now, he's still a Real Madrid player at this stage, but he wants to leave."

Ancelotti said he didn't try to change Casemiro's mind about leaving.
"I haven't tried to convince him, I just listened, because I have spoken to Casemiro throughout my time here and he has helped us so much," Ancelotti said. "Having heard what he wants, there's no way back. If he doesn't stay, we'll have an enormous sense of gratitude to him for all he's done."

The 30-year-old Casemiro has been with Madrid since 2013 and is regarded as one of the world's best holding midfielders. Madrid's midfield has been one of the best in the world in recent years with Casemiro playing alongside Toni Kroos and Luka Modric.
Casemiro helped the club win five Champions League titles and three Spanish leagues, among several other trophies.

Ancelotti said Madrid has replacements for Casemiro, though, including young France midfielder Aurélien Tchouaméni, who was signed in the offseason. The club has other players who can fill in as well, including Federico Valverde, Eduardo Camavinga, Dani Ceballos and even David Alaba, a defender who can play in midfield if needed.

"Tchouaméni was signed for this position and he's one of the best central midfielders on the market right now," Ancelotti said. "Then we've got Kroos, who can play in that position too, just like he did in my second year here, and there's Camavinga as well."
Ancelotti said the six midfielders he still has in the squad would be "enough to negotiate the season."
"They are six top quality players," the coach said.

Ancelotti said Madrid's targets will remain the same despite Casemiro's departure.
"Real Madrid's plans don't change," he said. "Our plans are to fight and compete in every competition, which we will do with or without Casemiro. That said, everyone is well aware of how important the player is and how much we love him."

Madrid won the Champions League, the Spanish league and the Spanish Super Cup last season. It opened this season by winning the UEFA Super Cup.

Casemiro will join former teammate Cristiano Ronaldo at United, although the Portugal forward's future at the English club is still in doubt.

German swimming federation accused of ignoring sexual abuse

(AP) — Former Olympic diver Jan Hempel has accused the German swimming federation of failing to heed his complaints of being sexually abused for years by former coach Werner Langer.

Hempel, who represented Germany at four Olympic Games, says Langer repeatedly abused him for 14 years starting in 1982 – when he was 11 years old.

"The federation (DSV) suggested to me that if I spread that around, it would put our sport in danger and then you can't take part in your sport anymore. Of course, I was at a level where I had goals in mind and I wanted to reach them," Hempel told news agency DPA on Friday.

Hempel first made his allegations against Langer in a documentary called "Abused – Sexual Abuse in German Swimming" aired by public broadcaster ARD on Thursday. It also documented other former swimmers' allegations of abuse by unnamed coaches across the sport.

The DSV reacted later Thursday, when it said it was "deeply dismayed by the description of the terrible experiences of the victims of sexualized and sexual violence" in ARD's report. It apologized to the "victims for having to endure such traumatic experiences."

Hempel said Langer's abuse continued regularly until he defended himself for the first time before the Atlanta Olympics in 1996. A year later, he said he informed German national team coach Ursula Klinger. Langer was suspended, not because of the abuse, but rather due to an alleged Stasi past, Hempel said.

Langer later worked for the Austrian swimming federation. He died by suicide in 2001.
The DSV also said it was suspending national diving coach Lutz Buschkow, whom Hempel said was aware of Langer's abuse. Buschkow had been working with the German team at this month's European Championships in Rome.

The DSV said, however, there was no indication from files it examined that Buschkow had been aware of the alleged abuse.
"The DSV president at the time, Rüdiger Tretow, also assured that neither he nor the presidium had knowledge of such allegations," the DSV said in a statement.

Hempel told ARD he was abused by Langer in a public toilet before he competed at the 1992 Olympics in Barcelona.

"He never ruled out a time not to let his wishes and needs run free," Hempel said.
Another athlete who wished to remain anonymous told the documentary that Langer sexually accosted him while he was sleeping before an event.

"Everyone has been silent until today," Hempel said. "I think we owe it to others to talk about it, also for the future."

Small but mighty, Curacao poised for Little League run

(AP) — If there's a player who best represents just how good Curacao can be at the Little League World Series, it may be Davey-Jay Rijke.

In Curacao's 2-0 victory Wednesday over a talented team from Nicaragua, Davey-Jay allowed just two hits while striking out 14 over 5 1/3 innings. He came up with a big hit, a triple in the sixth inning, and scored his team's insurance run.

Not only that, but with Curacao up just 1-0 and Nicaragua with runners in scoring position in the fourth inning, Davey-Jay laid out to grab a bunt that popped up between the mound and the first base line. As he went back to the dugout, his teammates mobbed him, with one tossing a jacket over his shoulders.

"You have to keep the guys smiling, just let them have fun," Zaino Everett, the team's manager, said afterward. "There are so many pressures in the game to not be that way."

Davey-Jay works fast but also stays calm. The batters he faces don't seem to stay so cool facing his 75 mph fastball, which comes in about as fast as a 98 mph pitch from a major league mound. Also unnerving to hitters is his tempo. As soon as his foot touches the rubber, Davey-Jay's windup begins.

"I feel good, my arm feels good, my control is perfect." Davey-Jay said through an interpreter. "That's the way Shohei Ohtani is looking so I'm trying to be like him."

What's interesting about Curacao is performances like Davey-Jay's, while remarkable, aren't so rare.

Curacao is located just off the coast of Venezuela and is small in physical size — a third as big as New York City — with a population at just over 150,000 that is comparable to Springfield, Massachusetts.

This year is the country's 14th visit to South Williamsport, including a 2004 championship with a team that featured future notable big leaguers such as Jonathan Schoop and Jurickson Profar in a win over undefeated California. It also finished as runner-up in 2005 and in 2019, the last time international teams played in the tournament.

An advantage that the island of Curacao has is the condition of its fields — and that means the relatively poor condition. Baseball diamonds lack the smooth playing surface that grass provides for infields, and instead are left with divots and rocks, forcing infielders to handle frequent bad hops from ground balls.

"That's why our infielders have the smoothest hands," said Andy Martina, a broadcaster covering the LLWS for fans back in Curacao on Deporte Aktivo. "Look at Didi (Gregorious) and Ozzie (Albies)."

The island boasts Hall of Famer Andruw Jones, along with current major leaguers such as Albies, Gregorious, Kenley Jansen, Profar and more.

"Most of the MLB players give back to the community," Martina said. "They will talk to the little leaguers and explain how they play the game."

The team also carries a little bit of the swagger of their mentors and predecessors. They can be seen on the field in pregame dancing in groups, or in the case of Kyshore Hinkle, running his fingers across the front of the jersey where "Caribbean" is printed to show where he came from after a big play.

Curacao fell 9-3 on Friday to another tough team, Panama, which was sparked by a first-inning grand slam from Gabriel De Gracia. Nonetheless, the Caribbean team pulled to 5-3 in the fourth inning, with the leading run at the plate, before its rally faltered. Curacao is still alive in the double-elimination tournament.

"We've trained so long and hard to get here, for this year since the pandemic stopped us from coming the past two years," Everett said. "We come back, do a good job, and make Curacao proud of us."

Roglic's Jumbo-Visma team wins 1st stage of Spanish Vuelta

(AP) — Primoz Roglic got off to a good start in his quest to win an unprecedented fourth straight Spanish Vuelta title when his Jumbo-Visma team won the opening team time trial in the Netherlands on Friday.

Jumbo-Visma, competing on home soil as the Netherlands finally got to open the Vuelta after not being able to do it in previous years because of the coronavirus pandemic, finished 13 seconds ahead of team Ineos Grenadiers and 14 seconds in front of Quick-Step Alpha Vinyl.

Roglic's teammate Robert Gesink, who is Dutch, will get to wear the leader's red jersey in his ninth appearance in the Grand Tour race.

"He's the one that deserves it the most, it's a pleasure racing for so many years with him," Roglic said. "I started with him in the team, he taught me a lot and it's nice to win as the home team with a home rider."

It had been doubtful whether Roglic would be able to defend his Vuelta title after he was injured at the Tour de France, which affected his preparations.

"My condition is good enough to win today," Roglic said. "I'm super happy about it. It was a pleasure today, the guys did a really great job. Twenty days more to come."

The Spanish Vuelta remains the only Grand Tour event won by Roglic, who has finished second at the Tour de France and third at the Giro d'Italia. He will be trying to join Spaniard Roberto Heras (2000, 2003-05) as the only rider to win four Vuelta titles. Tony Rominger and Alberto Contador are the only other riders with three Vuelta titles.

The second and third stages will also take place in the Netherlands. The three-week race will feature eight flat stages — two of them with high-altitude finishes — as well as four hilly stages, seven mountain stages and two time trials. Riders will get three rest days.
